## CERTIFICATE OF GOOD COMPLETION

### To whom it may concern:

This is to certify that GAL-IV LTD is a trustworthy and reliable company.

We had excellent cooperation at our Project, HQ Peat-fired Power Plant – New build of Power plant 2 X 40MW gross boiler / STG unit plant (biomass) in Gisagara district, Rwanda, Africa.

We are pleased with their job done: pre-fabrication and site erection of various pipelines from stainless steel and carbon steel pre-fabrication and site erection of heavy metal constructions Insulation -cladding and leading.

Sincerely,

Tonci Tadic  
Project Manager  
HQ Power-Yumn Ltd
